

## **Harmony Home Care Mattress with Recovery 5 (HPI-200R5/HPI-HHL)**

The Harmony Home Care Mattress with the Recovery 5 incontinence cover is our more luxury option to satisfy your home care needs. Two layers of latex free foam provide comfort and support that is a little plusher than our standard home care mattress option. The firm transfer edge aids in stability when transferring in and out of bed. The Recovery 5 incontinence cover offers five-way stretch that is antimicrobial and offers breathability with increased air flow to keep skin cool and dry by wicking away moisture. The cover is removable with a zipper along the bottom and it is cleanable. Available in two sizes, this mattress is designed to pair perfectly with the Harmony 8199 Home Care Bed and the Harmony Hi Low (Twin XL) to provide the perfect solution to your home care needs. Proudly made in Canada!
